

Professor Xiaoguang Li

Associate Professor of Sociology
Xi'an Jiaotong University

Biography

Xiaoguang Li is Associate Professor of Sociology at Xi'an Jiaotong University. His research focuses on social networks and social stratification in China and the United States. He is currently investigating how education-occupation mismatch intersects with demographic processes to shape wage inequality. Additionally, he explores how social capital and social networks reproduce inequality, examines the dynamics and negative effects of social capital, and conducts international comparisons. His recent work has appeared in *Demography*, *Social Forces*, and *Social Networks*.
