Students under deregistration status will not be able to view the results unless they have settled the outstanding payment. For formal certification of assessment results, please apply for an official transcript from the [Academic Support and Examinations Section](#) of the Registry.

### **3. Procedures for checking assessment results**

Assessment results are determined after careful deliberation by the relevant Boards of Examiners and they are final. However, students may submit an application for checking the assessment results if they have sound reasons to believe that there is a procedural irregularity/technical error in the determination of the assessment results. Please refer to the Registry's guidelines concerning the [Procedures for Checking of Assessment Results of Taught Courses](#) (document 111/511 re-amended) available on the website of the Examinations Office. Students should submit the completed [application form](#) (document SS55/511 re-amended) together with the proof of payment of the application fee (HK\$200 for each assessment result) to the Faculty Office no later than **ONE week** after the announcement of the course's final assessment result as determined by the relevant Boards of Examiners (i.e. **June 27, 2025**). Should there be any procedural irregularity/technical error in the determination of a particular result and the assessment result in question is revised as a consequence, the application fee for checking that particular result will be refunded to the student.

To facilitate future communications with students, please check and update your personal particulars, including correspondence address, contact phone number and personal email address, to ensure that your data at the Student Information System is up-to-date by **June 27, 2025** via your HKU Portal.
